

wonder workshop

Cue is a clever robot that takes robot interaction to the next level. Communicating with Cue is as easy as chatting with a friend. Send and receive text messages as you share jokes, games, memes, and more.

Four unique hero avatars allow you to choose the robot personality that is right for you.

Choose Cue's Personality!

Smirk - Roguish Risk Taker

Smirk will gladly play competitively against or collaboratively for the user.

Zest - Flair Extraordinaire

Zest does everything with a bit more flair. Zest encourages the user to add the extra effort.

Pep - Eager Achiever

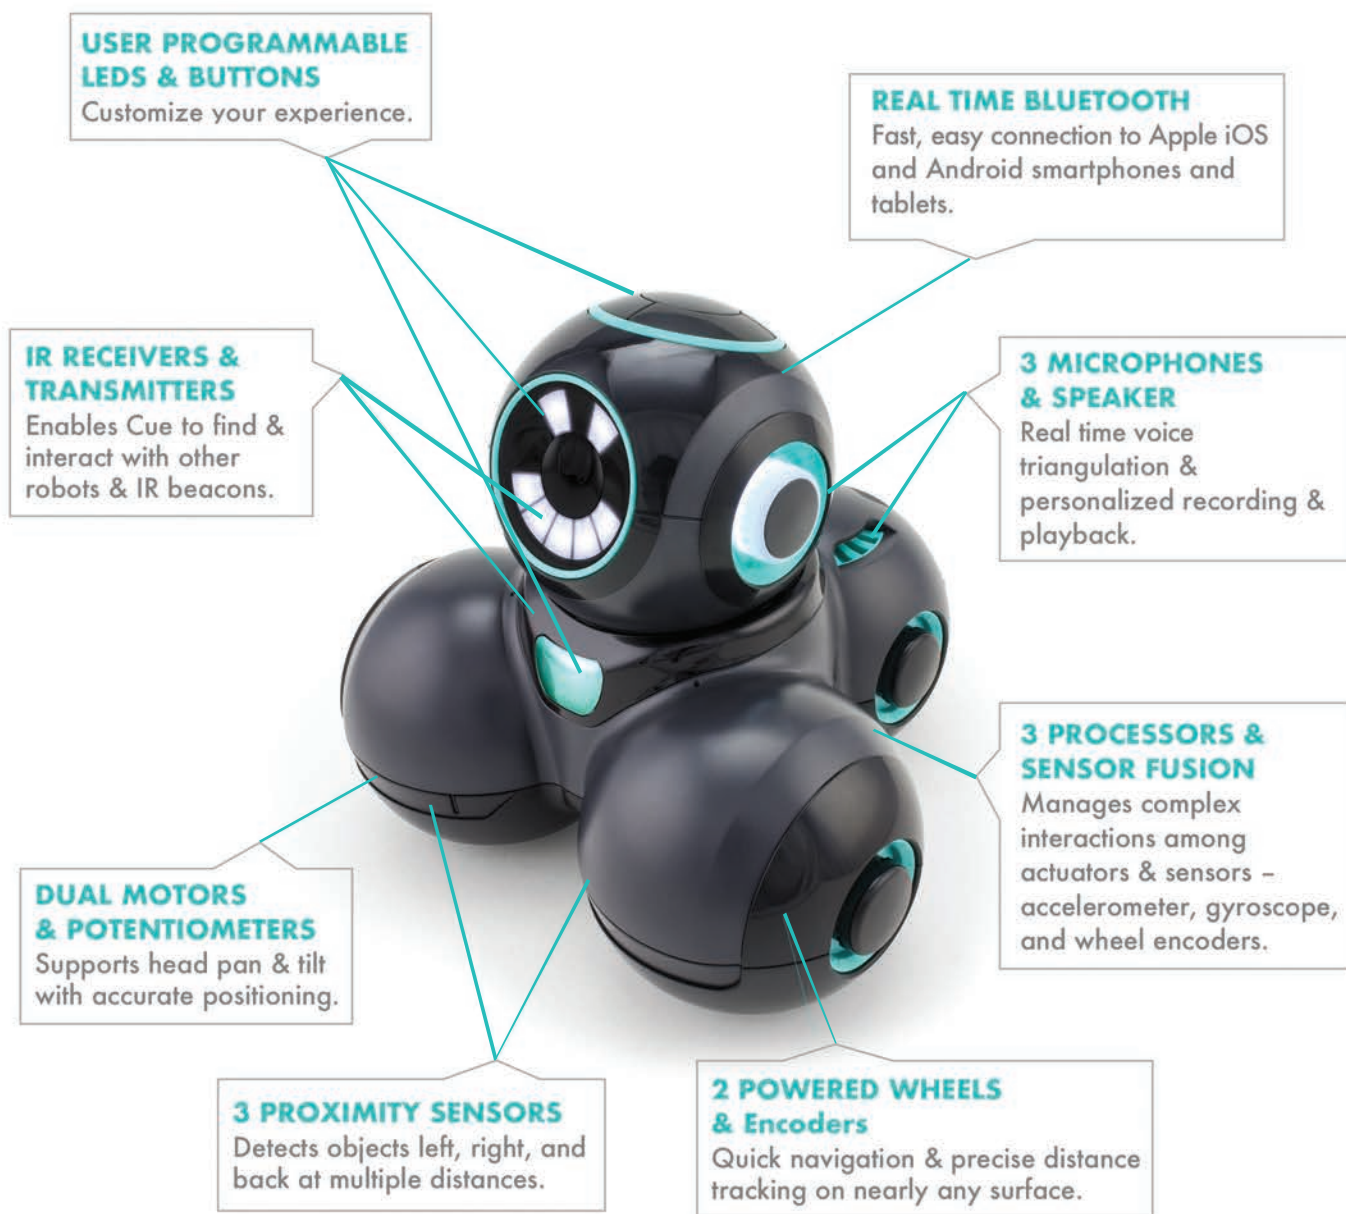

Even when a mistake is made, Pep does a great job learning from the experience.

Charge - Compassionate Commander

Charge was built to lead and sees leadership as a way to help others solve issues.

Give Cue more advanced capabilities by building powerful programs at the skill level that's right for your students. Easily convert between block-based programming or text-based code. Create dynamic graphical programs to make Cue react to sensor input with lifelike behaviors. With Control mode, you can directly pilot Cue or engage any of three Emotive AI modes as you seek, avoid, and explore.
